DEATH CONTINUES ITS RAVAGES.

RECORD-BREAKING NUMBER OF PERSONS PASS AWAY IN THIS VICINITY.

Mrs. Hammond.

Mrs. Amanda E. Hammond passed away at her home at Fort Gay, W. Va., Monday night, the 19th, from the infirmities of old age. She had been in very poor health for quite awhile. Her age was almost 83, and it was a singular coincidence that she died exactly 20 years after her husband, whose death occurred Feb. 19, 1897. The funeral took place at the residence on Wednesday morning, conducted by Rev. L. D. Bryan, of the M. E. Church.

Mrs. Hammond was one of the finest characters in the community. She had long been a devout member of the Presbyterian Church. She is survived by one daughter, Mrs. N. Boxley, and four sons, Charley, Johnson, Frank and Will, all of whom were present during her last days. Mrs. Lizzie Schmucker, another daughter, died within the last year. Mrs. Hammond was born May 18, 1834, in Harrison county, Ohio, and came here with her husband, James Hammond in 1875. They located on the farm on which she lived until her death.

Lawrence Akers.

Lawrence Akers died last Thursday at Maybee, Michigan, of spinal meningitis. His illness was reported in the NEWS last week. His mother, Mrs. John Akers, was there and returned after the funeral. Deceased was a fine young man, age about 25 years. He leaves a wife and three small children. Mrs. Akers is a daughter of G. L. Burke, formerly of this county.

John P. Riffe.

John P. Riffe ("Cuff") died Monday night at his home on East Fork, of double pneumonia. His health had not been good for a number of years. The funeral took place Wednesday afternoon at 2 o'clock and was preached by Rev. H. B. Hewlett, of the M. E. Church South.

The surviving sons and daughters are T. Riffe of East Fork, Billie Riffe, of Louisa, John Riffe, of Russell, Mrs. John Rice of Catlettsburg, Mrs. John Elwick of Rush, Mrs. Frank Nelkirk of Nelsonville, Ohio and Miss Meearle Riffe. His youngest son Charley Riffe died about two years ago. W. E. Queen and Mrs. Bud Lambert of this city, and Herbert Queen of Van Lear, are step-children of Mr. Riffe.

Mr. Riffe was a good citizen and will be much missed.

Mr. Riffe was born April 19, 1835, age 81 years and 10 months. Was married to Miss Elizabeth A. Barrett Oct. 27, 1854. To this union nine children were born, of which his wife and four children preceded him in death. His second marriage was to Mrs. Barbara L. Queen, April 8, 1896. She died Feb. 6, 1907. To this union was born one child, Meearle Riffe.

Mrs. Fannie Bartram Chatfield.

Mrs. L. G. Chatfield, of Catlettsburg, died Tuesday morning in a hospital in Ashland where she had undergone an operation for cancer one day last week. She was about sixty-five years of age and before marriage was Miss Frances Bartram, a sister of Capt. Wm. Bartram, deceased, of Clifford, this county.

The body was taken to the Chatfield home in Catlettsburg and the funeral and burial took place on Thursday.

Mrs. J. B. Peters and Mrs. Sam Dock Frazier, of this city are nieces of Mrs. Chatfield.

Mrs. John N. French.

Mrs. Mary Hazlett French died at the home of her son Tobe French at Vessie, this county, Monday morning. The burial took place Tuesday. The funeral was held at Buchanan chapel, conducted by Revs. French Rice and J. H. Dawson, of the M. E. Church South.

Mrs. French was 81 years old and her death was the result of infirmities incident to old age. She is survived by her husband, the venerable John N. French, who is 91 years old. They had been married 60 years or more. Two sons, Tobe and Robert, and six daughters survive their mother. The daughters are Mrs. Margaret Curnutt, Mrs. Luther Taylor, Mrs. Joe Stewart, Mrs. John Compton, Mrs. W. H. Lambert and Mrs. E. T. Billups, wife of the Rev. E. T. Billups.

Mrs. French was a true Christian and a fine character. She delighted in doing something to make others happy. With children she was a favorite because of this trait. Her kindly and helpful disposition endeared her to family and neighbors and the loss sustained through her death will be felt by all. She was a faithful member of the M. E. Church South for a great many years.

Peyton Staley.

Peyton Staley, 96 years old, died at the old Staley home on Buffalo creek, in Wayne-co., W. Va., after an illness of five weeks. Funeral services were in the Whites creek Baptist church, which Mr. Staley founded fifty years ago.

Residents of the entire tri-state region, in which Mr. Staley was well and favorably known, were grieved to learn of his death. He had lived in the home on Buffalo creek for the last fifty years.

Mrs. A. Maynard.

Mrs. Maynard had been in ill health for several years, and had only recently undergone a severe operation at a Portsmouth hospital with the hope of prolonging her life. However, she gradually grew worse and the end came Monday evening.

Mrs. Maynard was a Christian and was liked by all who knew her. She was forty-one years of age and leaves a husband and one son, Shirley Maynard, and an adopted daughter, Marie (Marcum) Maynard, besides the following relatives: Mrs. Mary E. COMPARISON OF CATTLE

Experience of a Local Farmer in Feeding Scrubs and Graded Cattle.

The difference between scrub and blooded cattle and other livestock has been so often and clearly demonstrated that it seems unnecessary to give further proof, but the experience of local people is always interesting.

In conversation with Jas. H. Woods, one of our most progressive livestock men, we find an interesting report. In 1915 he made a test of the difference in scrubs and "grade" cattle. The latter term is used to describe cattle of good blood, but not thoroughbred. The same feed, pasture and treatment was given to all these cattle. The best one brought \$60.15. Eight head averaged \$55.75 each. The scrubs sold for \$36.00 each.

With such results why will any farmer waste feed and time on a poor class of stock?

There are now between 45 and 40 thoroughbred bulls in Lawrence county. This number should be increased to 100. Then every scrub calf should be sold for veal, or soon after it passes that stage. In a very few years the grade of our livestock would thus be raised until this industry would be the most profitable and attractive of all lines of business.

We should be glad to have comparative experiences of other farmers in this section showing the advantages of improved cattle, hogs, sheep or poultry.

AMBER OIL IN BATH COUNTY

NEW FIND OF HIGHEST GRADE OPENS EYES OF BIG OPERATORS.

Irvine, Ky., Feb. 20.—Just now considerable interest is centered around the Amber oil well in Bath-co. The information of this discovery was slow in leaking out. When it was reported a few days ago many doubted the genuineness of the find. Practical and reliable men from Irvine have been there and investigated thoroughly. The well, which was drilled on the T. Harry farm three and one-half miles west of Salt Lick, near Olympia, is a genuine Amber oil well, they say, the first found in Kentucky.

The well was drilled 210 feet. It filled the cavity slowly and finally flowed at the rate of fifteen to twenty barrels per day. This proves a very fine producer and oil men say it will no doubt give a generous account of its capacity when it is pumped. The property is being operated by Messrs. Bell, Post and others, of West Virginia. It is their second test on the Harry farm. Their initial well was drilled into a second sand that contains a black oil and is forty feet under the Amber producing stratum. This test served to enlighten the operators on further drilling, as is always the case in new fields.

Amber oil is the highest grade oil known, oil men say, and while the market price is \$3.05 per barrel it usually brings a premium depending upon the gravity. The gravity of the Salt Lick well will run 41 or 42 degrees baume, according to the statement of an authority.

Forty Miles From Irvine.

This new field is about forty miles northeast of the Irvine field and fifteen miles northwest of the Ragland field. The McFee gas field is twelve miles south. Operators who have visited the new field have paid bonuses on leases of from \$1 to \$25 per acre above the regular one-eighth royalty.

The rich Station Camp pool south of the Kentucky River has again been extended by a small well on the Isaac Gabbard farm three miles southeast of production. This well was drilled by Gaines, Gaines, Evans & Watkins, local people. While it is only a small producer it establishes many other farms as highly probable oil-producing territory.

The plan adopted by Gaines, Marcum & Neely to expend \$75,000 in laying a pipe line from West Irvine to their properties in the Station Camp field and erecting large storage tanks is taken to mean that other developments will follow. It is known that L. G. Neely, a member of this firm, is affiliated refineries in the country.

The shallowest of the seventy-five wells in the Station Camp district was drilled by Joe Hervey. The exact depth to the pay sand is seventy-nine feet four inches. The well flowed copiously. It will make from 500 to 700 barrels daily and cost \$212.25 to drill and equip. This generous oil paid for itself in less than an hour.

INCREASED MAIL SERVICE.

Whitesburg.—The improved mail service to be inaugurated between McRoberts and Jackson along the North Fork extension of the Louisville & Nashville railroad March 1 will greatly facilitate development work and give the people mail from Louisville and up-State points several hours ahead of the present service. This will give the mountain mail trains daily instead of twice.

M. E. CHURCH.

The Rev. A. C. Bostwick, of the M. E. Church, has been quite sick for several days. No preaching services were held at his church last Sunday and the members of his congregation worshipped at other churches.

"LONESOME TUNES" FOUND IN KENTUCKY MOUNTAINS.

New York Singer And Composer To Aid Oneida Institute.

Lorraine Wyman and Howard Brockway, singer and composer of New York City, wanted something new, some real "Lonesome Tunes" for their repertoire. Last spring they went on a hunt for them in the Pine Mountains of Kentucky—and found them. From cabin to cabin they tramped 300 miles thru the mountains and gathered 80 of the tunes, which they took back to New York. On their second concert appearance last month in January, with the tunes, enough people were turned away to fill the theatre a second time.

Now the suggestion has been made that the tunes gleaned from the mountain folk be used to provide funds for Oneida Institute, a mountain institution. It has been suggested that a concert be held in Lexington, the proceeds to go to the upkeep of Oneida Institute. Miss Beasley, secretary of the Oneida Club, has already taken up with Miss Wyman, a proposition to appear in Lexington and Miss Wyman has expressed herself as being favorable to an engagement here for that purpose. She will appear in Louisville soon and will come to Lexington at that time for the concert.

The question of bringing Miss Wyman here has not been taken up by the Oneida Club as a whole.

Mr. Brockway plays the accompaniments for the program, which, as generally given, numbers sixteen "Lonesome Tunes."—Lexington Herald.

As no jail sentences were imposed the defendants announced that they would waive appeals and paid their fines. Jones paid \$20,000 and Woodward \$10,000.

NEWS OF GENERAL INTEREST FROM THE WORLD AT LARGE

FRIDAY.

In the Senate drastic amendments to the Postal Appropriation Bill were agreed to which would make criminal the importation of liquor into States which prohibit its manufacture and sale for beverage purposes, and which would exclude liquor advertisements from the mails in States which legislate against such advertising.

The amendment was added by Senator Reed, of Missouri, to the Jones amendment barring newspapers or other

publications or letters and postal cards containing liquor advertisements from the mails in States which have laws against such advertising. It was adopted after brief debate by a vote of 45 to 11 by the Senate sitting as committee of the whole.

**A CHILD GETS CROSS,

WHEN CONSTIPATED**

**LOOK, MOTHER! IF TONGUE IS
COATED CLEAN LITTLE LIV-
ER AND BOWELS.**

If your little one's tongue is coated, it is a sure sign the stomach, liver and bowels need a gentle, thorough cleansing at once. When your child is cross, peevish, listless, pale, doesn't sleep, eat or act naturally; if breath is bad, stomach sour, system full of cold, throat sore, or if feverish, take a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up, constipated waste, sour bile and undigested food will gently move out of the bowels, and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given to-day saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. Get the genuine made by "California Fig Syrup Company."

MOTHERHOOD.

A robust, manly son and a cooing baby-girl nestling in her bosom—what more can any woman ask? It is a boon that Heaven intended

should be granted to every woman.

Thousands fail of this because they have neglected to look after their health in a womanly way. The health of a woman's babies is dependent upon her own health. The prospective mother cannot be too particular about her physical condition. If she suffers from local weakness, nervousness or loss of vigor and virility, her children will be weak, puny and sickly. Dr. Pierce's Favorite Prescription is the right remedy for weakness and disease of the delicate and important organs. It makes these organs strong, healthy. It makes the mother strong and cheerful. It is the invention of an eminent and skillful specialist.

Prepared from nature's roots and herbs, it contains no alcohol nor narcotics, nor any harmful ingredient. Medicine dealers everywhere have it on hand in either tablet or liquid form at all times. If you want a specialist in women's diseases to diagnose your case absolutely free of charge, write Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., to-day.

FREE.—Dr. Pierce's Medical Adviser, cloth-bound, sent free on receipt of three dimes (or stamps) to pay expense of mailing only. Dr. Pierce, Invalids' Hotel, 663 Main Street, Buffalo, N. Y.

ZEUCH. President of the Indian River Farms Company made a short talk. He told something of the work that has been done by the company in the way of constructing canals and roads and spoke of the advantages of St. Lucie county from an agricultural standpoint. He said he had no less an authority than the United States government for the statement that St. Lucie county is the richest and most productive in Florida.

A ride about the farms and visits to several of the improved places occupied the remainder of the day. At the W. T. Humiston farm the visitors saw 35 acres of cabbage ready for harvesting. Dr. M. J. Barber's young grove, one of the finest in the county, for its age, also proved of especial interest. At the company's farm, they saw the fine herd of Hampshire and Berkshire hogs and were especially interested in one fat porker waiting to be butchered. They were informed that the meat from this hog had already been sold at 20 cents per pound.

VERO FILLED WITH VISITORS.

NORTHERN VISITORS ENTHUSIASTIC OVER VERO'S SPLENDID CROPS.

Vero was filled to overflowing with Northern visitors this week. Nearly 100 people came down on the Indian River Farms Company's semi-monthly homesickness excursion, it being the largest homesickness party that has visited Vero this season.

Vero's normal accommodations were entirely inadequate to care of the crowd and Pullman sleeping car was used to take care of a portion of the visitors while the library building was converted into a temporary men's dormitory. Members of the Woman's club worked for two days making bedclothing and preparing cots for this purpose.

Ideal weather was on tap and the visitors had difficulty in believing that Florida had just passed thru the coldest weather it had experienced in twenty years. Reports of the cold snap led many of them to expect to find everything killed here and they were both surprised and pleased to go into the famous Walker grove and eat the finest oranges most of them had ever tasted. None of the orange or grapefruit trees showed the slightest evidence of damage by the cold. Manager A. W. Young of the Indian River Farms Company called the attention of the crowd to this fact and said they would see from that fact that St. Lucie county suffered little from the cold snap as any part of Florida and practically none in comparison with some sections.

Mr. Young reminded his hearers that they were enjoying Indian River fruit which brings the highest prices of any citrus fruit grown and pointed out that a difference of only 25 cents per box in favor of Indian River fruit would yield difference in returns of \$175 an acre based on a yield of 10 boxes to the tree.

This year the fruit from ten acres in the Walker Grove was sold on the trees for \$7,700 and in addition Mr. Walker sold budwood to the value of \$500. The production of this valuable crop cost Mr. Walker only \$15 an acre, he said.

Nineteen automobiles were required to take the party on the first day's tour of inspection. At the spillway which was the first point visited, Herman J.

Doan's Kidney Pills are especially for kidney trouble.

Are endorsed by Louisian citizens.

Mrs. J. H. Hatcher, Lock Ave., Louisa, says: "I have used Doan's Kidney Pills off and on for several years and have been greatly benefited by them. Sometimes my kidneys have become weak, causing my back to be weak and lame. I have not only suffered in this way, but have had dizzy spells and nervous headaches. My kidneys have been too frequent in action, also. Not once has a box or set of Doan's Kidney Pills failed to help me. They have always rid me of the symptoms."

Millions of men and women today know that it is needless to have dyspepsia. A little Diaprepain occasionally keeps the stomach sweetened, and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless antacid is Pape's Diaprepain,

which costs only 25 cents for a large case at drug stores. It's truly wonderful—it stops food souring and sets things straight, so gently and easily that it is really astonishing. Your stomach will digest your meals if you keep acids neutralized.

SORRY TO WORRY YOU, BUT THE WORLD'S FOOD SUPPLY Is From 25 per cent to 50 per cent Short IN ALMOST EVERY COMMODITY THAT'S WHY THE COST OF LIVING IS HIGH

And what's worse, it's very likely to go higher. In the first place, the United States, the greatest agricultural country in the world today, harvested short crops last year in almost everything, and added to this is the heavy demand for food products from foreign countries which are hardly producing at all.

ONLY ONE THING

Can reduce the high cost of living and that is a new crop. Only a small portion of this country can produce a new crop in the next few weeks and that portion can produce only a small amount of the total needed and of this winter growing section, INDIAN RIVER FARMS at Vero, Florida, can put its products on the market among the very first, for its growing season lasts practically all the year and it is nearer to the great markets than many other early winter producing sections.

WINTER GROWN PRODUCTS

Are always high priced and in this year of exceptional conditions, prices are bound to be abnormally high. From the consumer's viewpoint, this is not cheering but just suppose you were fortunate enough to be the producer of winter grown products and were looking forward to the biggest year you had ever had?

You can be the producer of winter grown potatoes, cabbage and other truck crops for high priced early spring markets, or oranges and grapefruit; you can raise cattle, hogs and poultry at the lowest possible cost in INDIAN RIVER FARMS at Vero, Florida.

ONE FARMER IN INDIAN RIVER FARMS HAS ALREADY GATHERED \$225.00 WORTH OF LETTUCE FROM A FIFTH OF AN ACRE. ONE GROWER REFUSED \$250.00 PER ACRE FOR HIS POTATO CROP AND ANOTHER REFUSED \$300.00 PER ACRE FOR HIS WINTER GROWN POTATO CROP, AND NEITHER OF THESE CROPS ARE READY TO BE HARVESTED.

Call or write for further details regarding these all around, all the year around farming, fruit growing, trucking and cattle raising lands, INDIAN RIVER FARMS at Vero Florida, or rates and routes on our excursion leaving MARCH 6TH.

THE HOME CIRCLE AND ITS INTERESTS.

Column Dedicated to Tired
Mothers as They Join
The Home Circle at
Evening Tide.

At Set Of Sun.

If we sit down at set of sun
And count the things that we have
done,
And, counting, find
One self-denying act, one word
That eased the heart of him who
heard,
One glance, most kind,
That fell like sunshine where it went.
Then we may count the day well spent.
But if thru all the livelong day
We've eased no heart by aye or nay,

If through it all
We've done no thing that we can
trace;
That brought the sunshine to a face;
No act, most small,
That helped some soul and nothing
cost,
Then count that day as worse than
lost.

One active beech nut, given a chance
will result in a forest. One little thought
started right will go round the world
and keep on its travels. It gets there
by moving, not by sitting sulky in the
sawdust and wishing it were a plum
pudding. Move on. Catch on. Hold fast
as long as you can, and if you're knocked
off, grab for the next car that comes
along and you will get there. But don't
start in the wrong direction. Do not start
for the drunkard's grave, or you
will be sure to get there. Do not start
in to go it blind whenever some "Smart
Aleck" blows the horn for you to fall
in, lest you fall in where it is deep and
ever remain there. Be active or get out
of the way, and in one year see how

much better off in mind, body, and
comforts you will be.

The first person to whom Christ ap-
peared after the resurrection was a
woman. During all the ages that have
come since that first Easter morning,
whenever there was a word to be spoken
for the Master, a tender service to
be performed in His name, a cup of
cold water to be given to some way-
farer, or a prayer to be offered for
some sick soul, woman has always
been the first on the scene.

Never be ashamed of your early sur-
roundings because you are living in a
more refined place at present. Do not
be ashamed of your old father and mother
when they come to your city
to visit you because their manners are
a little old-fashioned and try to smug-
gle them in and out of your house.
Call in your best friends and say to
them "this is my father and my moth-
er. If they had lived in your day and
had had the advantage they would be
as well up as you." Have you for-
gotten what a hard time your father
and mother had in the early days of
life, depriving themselves of the ne-
cessities of life in order to save and
leave something for their children when
they are ready to lay off their earthly
toil.

Jesus called a little child to repre-
sent who should be the greatest in the
Kingdom of Heaven. No long-faced
elder of the church was brought, nor
senseless member of the monastery,
but a prattling child in all its innocence
and mirth; and unless we are
converted from our austere ways, and
become in habits and tastes like unto
a child, it is declared the door will be
barred against us.

The sunshine of life is made up of very
little beams that are bright all the time
In the nursery, on the playground
and in the schoolroom, there is room
all the time for little acts of kindness,
that cost nothing, but are worth more
than gold and silver. To give up some-
thing when giving up will prevent un-
happiness; to yield when persisting
will chafe and fret rather than come
against another; to take an ill word
or a cross look rather than to resent it;
these are the ways in which clouds
and storms are kept off and a pleasant,
smiling sunshine secured even in a
humble home, among every poor people
as well as in families in higher station.

Much that we term the miseries of life
would be avoided by adopting this rule
of conduct.

On our criticisms, of others, let us
remember that we have faults which
our friends have to excuse. How much
would be left of us if all those who
see inconsistencies in us should slip
away from our character and reputa-
tion? It is an invincible rule that
those who make the roughest work with
the names of others are those who have
themselves the most imperfections. The
larger the beam in your own eye, the
more anxious you are about the mote
in somebody else's eye. Instead of go-
ing about town, slushing this man's
bad temper and the other man's falsity,
and this woman's hypocrisy and that

one's indiscretion, go home with the
ten commandments as a monitor and
make out a list of your own derelictions.

A woman may be surrounded by all
the luxuries that money can buy, and
have the fawning friendship of people
whose smiles only live in prosperity;
but if she feels herself unloved and
alone in her heart, the crown jewel in
her diadem of happiness is lost, things
lose their value and life becomes monotonous.
The honest, tender love of
two brave hearts who have started out,
and are struggling to get a home for
their little ones, and money enough to
feed, clothe and educate them, makes
life a thousand times more attractive
and inspiring.

Above everything else CERTAIN-TEED stands for quality, efficiency and economy. Any product bearing the name CERTAIN-TEED will deliver all three in heaping measure.

Certain-teed Certain-teed

Roofing

is the most efficient type of roofing for all kinds of buildings. For the sky-scraper a built up roof of CERTAIN-TEED is now recognized as the ideal roof.

For factories, especially where the roof area is considerable, the light weight, economy and long life of CERTAIN-TEED makes it by far the most desirable type of roof. For garages, out-houses, farm buildings, the economy, ease of laying and long life make CERTAIN-TEED superior to any other. For residences CERTAIN-TEED Slate Surfaced Shingles are artistic, light weight, economical.

CERTAIN-TEED costs less to buy, less to lay, and less per year of life. It is light weight, clean, sanitary and fire retardant. It will not dry out or rust, and is absolutely weather-tight.

CERTAIN-TEED is made in rolls, plain and slate surfaced; also in slate surfaced shingles. Three thicknesses, but only one quality—the best. Guaranteed 5, 10 or 15 years, according to thickness (1, 2 or 3 ply), but will outlive the period of guarantee.

The long life of CERTAIN-TEED is due to its quality and the saturation of a special blend of soft asphaltas, kept soft, and prevented from drying out, by a coating of harder asphaltas.

If you are building or need a new roof, it will pay you to investigate CERTAIN-TEED before deciding upon any type of roof. For details by dealers everywhere.

PIKE COUNTY NEWS

THREE MEN KILLED.

Late Saturday afternoon at Hellier, Pike-co., a terrible tragedy was enacted. Ralph, the only child of Mr. and Mrs. Joel Ratcliff, and a man named Jailer Branham, of Shelby creek, the latter having once done time in the Frankfort penitentiary, it is alleged, became engaged in a friendly wrestling bout, when Branham, who was bested, it is said, became enraged and drew a revolver and shot Ratcliff through the body, the ball entering the stomach, and he is now at the point of death. Branham it is said, then stood up and defied arrest, saying that there was not a man present who could arrest him. At this, Joel Ratcliff called upon him to surrender, which he refused to do, when Ratcliff, who is the father of Ralph Ratcliff, shot Branham through the head, death being instantaneous. In firing at Branham one of the bullets fired by Ratcliff passed through the shoulder of a young man named Patton Bartley, who was a bystander.

Mr. Ratcliff, who is one of Pike county's wealthiest citizens and biggest business men, chartered a special train and took Ralph Ratcliff, his son, and Patton Bartley to the hospital at Jenkins, where it is said the latter will recover, but that young Ratcliff's death is only a question of a short time. The fatally wounded young man, who is the son of Joel E. Ratcliff and Mrs. Harriet Francisco-Ratcliff, is a former student of the Kentucky State University.

This is a sad and tragic affair and the Ratcliff family have the sympathy of the community. Young Ratcliff is in very high standing.

Jailer Branham had been given a lengthy sentence to the pen for the murder of his cousin in a pistol duel on a highway in Pike-co., it is alleged, but was afterward pardoned.

Postmaster Bartlett ad young Ratcliffe died in the hospital.

PRESTONSBURG POSTOFFICE SITE

The Prestonsburg Post says:

Jo M. Davidson sold this week to the federal government a lot 122 ft. by 138 ft. on the corner of Court and Third streets, just across Third from the court house. The price paid was \$3,000. It has been known for quite a while that this lot was being favorably considered, as it is centrally located, and was the choice of a large number of citizens. And besides this lot was priced much more reasonably by Mr. Davidson than several others under consideration. It is quite a relief to all citizens except those on the river bank to know that soon the post office will be located for the convenience of the many.

If Prestonsburg ever comes to her own, and catches up with the younger towns along the river, Louisa, Paintsville and Pikeville—towns that have outstripped her in growth and all internal improvements, more consideration must be given to the welfare of the public. And thus the good work begins.
